Location

Strategically situated within Trio Gardens developed by M Squared, commanding a prime residential position in the 5th Settlement, New Cairo, along the extension of the Golden Square directly adjacent to the Middle Ring Road and Regional Ring Road. The compound lies just 5 minutes from the American University in Cairo (AUC), 8 minutes from Suez Road and Ain Sokhna Road, 10 minutes from the New Administrative Capital, and 20 minutes from Cairo International Airport, ensuring seamless access across Greater Cairo.

About the Project

Trio Gardens is an innovative European-inspired master-planned community spanning 35.5 acres, recognized for introducing the proprietary "Trio Villas" architectural concept where three independent duplex homes share one vertical structure with total visual and acoustic privacy. The development dedicates over 75% of its total footprint to manicured green spaces, cascading water features, and tranquil walking trails. Community features include an upscale resident clubhouse, swimming pools, multi-sport courts, children's commercial play areas, underground parking garages, smart waste management, and 24/7 gated security with biometric and CCTV access controls.

Concept

Spanning an expansive 335 m² build-up area paired with a private 60 m² landscaped garden, this duplex delivers the private lifestyle, spatial volume, and outdoor serenity of a standalone villa alongside the efficiency and community security of a modern duplex. Delivered flexi-finished with immediate move-in readiness, it allows buyers to customize high-touch interior materials and smart-home automation to their personal aesthetic without enduring structural construction delays. Paired with convenient installment financing, it provides an exceptional family home and a high-yield asset in New Cairo's fastest-growing corridor.
